Safe Harbor Statement

Forward-Looking Statements

Unless context otherwise requires, in this presentation, references to “we”, “us” and “our” are to Southwest Gas Holdings, Inc. (NYSE: SWX) (“Southwest Gas Holdings” or the “Company” or “SWX”) together with its current consolidated subsidiaries, which include, among others, Southwest Gas Corporation (“Southwest Gas”, “SWG”, “Utility” or “Natural Gas Distribution” segment), Great Basin Gas Transmission Company (“Great Basin”, “GB”, or “GBGTC”), and Corporate and Administrative (“HoldCo”).

This presentation contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements include, without limitation, statements regarding the Company and the Company's expectations or intentions regarding the future and underlying assumptions. These forward-looking statements can often be identified by the use of words such as "will", "predict", "continue", "forecast", "expect", "believe", "anticipate", "outlook", "could", "target", "project", "intend", "plan", "pursue", "seek", "estimate", "should", "may", "potential", and "assume", as well as variations of such words and similar expressions referring to the future, and include (without limitation) statements regarding our expectations for our natural gas operations, estimated future capital expenditures, projected rate base growth, O&M per customer expectations, our 2026 financial guidance and expected value drivers, 2026 – 2030 financial guidance and expected value drivers, 2026 financing plan, credit metric targets, expectations with respect to future dividends, estimated timing of rate case filings, approvals and effectiveness of such rates, the potential 2028 Great Basin Expansion Project and the associated projected demand, capacity, capital expenditures, and investment opportunity, and the future performance of the Company, Southwest Gas Corporation, and Great Basin. A number of important factors affecting the business and financial results could cause actual results to differ materially from those stated in the forward-looking statements. These factors include, but are not limited to, the timing and amount of rate relief, changes in rate design, customer growth rates, the effects of regulation/deregulation, the timing and magnitude of utility optimization opportunities, tax reform and related regulatory decisions, the potential for, and the impact of, a credit rating downgrade, future earnings trends, inflation, increasing interest rates, sufficiency of labor markets and similar resources, seasonal patterns, current and future litigation, the costs and effect of stockholder activism, regulatory approvals for the 2028 Great Basin Expansion Project along with negotiation and execution of binding transportation service agreements and capital construction costs, and the impacts of stock market volatility. In addition, the Company can provide no assurance that its discussions about future operating margin, operating income, COLI earnings, interest expense, and capital expenditures of the natural gas distribution segment will occur. The Company does not assume any obligation to update the forward-looking statements, whether written or oral, that may be made from time to time, whether as a result of new information, future developments, or otherwise.

Forward-looking statements are based on assumptions which we believe are reasonable, based on current expectations and projections about future events and industry conditions and trends affecting our business. However, whether actual results and developments will conform to our expectations and predictions are subject to a number of risks and uncertainties that, among other things, could cause actual results to differ materially from those contained in the forward-looking statements, including without limitation, those discussed under the heading “Risk Factors”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and “Quantitative and Qualitative Disclosure about Market Risk” in the Company’s most recent Annual Report on Form 10-K and in the Company’s and Southwest Gas Corporation’s current and periodic reports, including our Quarterly Reports on Form 10-Q, filed from time to time with the SEC, and other reports that we file with the SEC from time to time.

New factors that could cause actual results to differ materially from those described in forward-looking statements emerge from time to time, and it is not possible for us to predict all such factors, or the extent to which any such factor or combination of factors may cause actual results to differ from those contained in any forward-looking statement. The statements in this presentation are made as of the date hereof, even if subsequently made available on our website or otherwise. We do not assume any obligation to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

Non-GAAP Measures

This presentation contains financial measures that have not been calculated in accordance with accounting principles generally accepted in the U.S. (“GAAP”). Management uses these non-GAAP measures internally to evaluate performance and in making financial and operational decisions. Management believes that its presentation of these measures provide investors greater transparency with respect to its results of operations and that these measures are useful for a period-to-period comparison of results. Management also believes that providing these non-GAAP financial measures help investors evaluate the Company’s operating performance and business trends in a way that is consistent with how management evaluates such performance.

We do not provide a reconciliation of forward-looking Non-GAAP Measures to the corresponding forward-looking GAAP measure due to our inability to project special charges and certain expenses.

SWX at a Glance

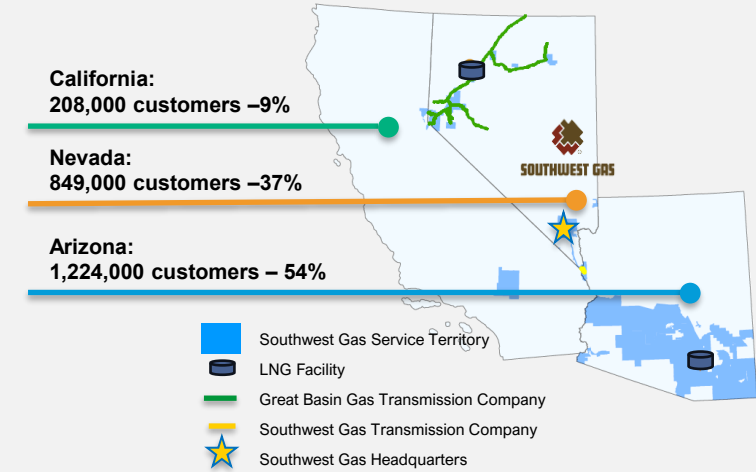

Corporate Overview:

Southwest Gas Holdings, Inc. (NYSE:SWX), through its primary operating subsidiary, Southwest Gas Corporation, engages in the purchasing, distributing and transporting of natural gas for its customers. Southwest Gas Corporation is a dynamic energy company committed to exceeding the expectations of over 2 million customers in Arizona, Nevada and California by providing safe, reliable, and affordable service while pursuing innovative sustainable energy solutions to fuel the growth in its communities.

Southwest Gas Corporation Financial Snapshot¹:

2025 Revenue: \$1.9 billion
 2025 Adj. Net income: \$284 million²
 2025 Estimated Rate Base: \$6.7 billion³

2,281,000
 Total Customers Served¹

A Premier, Fully Regulated Natural Gas Business

SWX

- » Fully focused on executing the business plan of Southwest Gas
- » Exceptional balance sheet flexibility and investment grade credit ratings

SWG

- » Providing safe, reliable, and affordable natural gas service
- » Positive regulatory developments and strong organic rate base growth
- » ~1.0% net customer growth rate over the last twelve months¹
- » Optimizing the utility to deliver value
- » Capital expenditure plan supported by strong economic and customer growth throughout service areas
- » Strong market demand from Northern Nevada positions Great Basin's expansion to drive substantial growth and enhance long-term returns
- » Well positioned to continue delivering sustainable energy options for our customers

Notes:

1. As of December 31, 2025
2. Adjusted SWG net income for the twelve months ended December 31, 2025, adjusts for state income tax apportionment associated with certain one-time events. See "Non-GAAP Measures" for more information and for full reconciliations of our non-GAAP financial measures
3. Rate base amounts reflect estimated total investment in facilities to provide utility service, less estimated retirements, depreciation, and deferred taxes plus working capital as of 12/31/2025. This is different than our authorized rate base, which is the rate base approved by our regulatory bodies in our most recent rate cases and that is reflected in current rates

Why SWX? Compelling Investment Thesis

A premier, fully regulated natural gas business

Safe, reliable, and affordable fully regulated natural gas service with \$6.7 billion in rate base¹; fully decoupled rates in all jurisdictions

Constructive regulatory compact supporting predictable, long-term organic rate base growth and timely recovery of prudent investments with favorable demand dynamics in diversified geographic footprint

2026-2030 capital plan focused on long-term safety and reliability of pipeline system funded utilizing bond issuances, minimal SWX ATM³ equity issuances and SWX leverage capacity. Targeting 50/50 capital structure at SWG

Great Basin 2028 Expansion Project is expected to enhance SWX's earnings profile - anticipated capital investment opportunity of \$1.7 billion and \$215 - \$245 million of anticipated incremental margin

Strong and predictable earnings growth, improving ROEs, and stable cash flows – SWX EPS CAGR 12.0%-14.0% and rate base CAGR 9.5%-11.5% (2026 – 2030; base year of 2025)²

Exceptional balance sheet and financial flexibility with optionality to execute strategic opportunities with no equity issuances anticipated in 2026

Competitive and sustainable dividend reflecting confidence in long-term cash generation and commitment to delivering stockholder returns

Partnership-driven approach with stakeholders to advance emerging energy technologies and innovative natural gas solutions

Attractive Rate Base Growth⁴ (\$ in billions)

No equity needs anticipated in 2026 with balance sheet capacity to limit equity needs while funding \$6.3 billion 2026-2030 capital plan

Notes: See "Non-GAAP Measures" for more information and for full reconciliations of our non-GAAP financial measures.

1. Rate base eligible assets estimated as of December 31, 2025

2. Affirmed as of May 5, 2026

3. At-the-market ("ATM")

4. Rate base amounts reflect estimated total investment in facilities to provide utility service, less estimated retirements, depreciation, and deferred taxes plus working capital as of 12/31 of each year depicted. This is different than our authorized rate base, which is the rate base approved by our regulatory bodies in our most recent rate cases and that is reflected in current rates

5. 2026E rate base assumes CapEx at 2026 guidance (~\$1.25 billion). Rate base eligible assets estimated as of the end of each period presented

No Anticipated Equity Issuances ⁴	<input type="checkbox"/>	1Q – 4Q 2026

Notes: Checkmark denotes items that have been completed

1. Federal Energy Regulatory Commission ("FERC")

3. Certificate of Public Convenience and Necessity ("CPCN")

2. Billion cubic feet ("bcf")

4. Excluding equity issuances via Dividend Reinvestment Plan, SWX expects to fully fund dividend with no SWG support, ~\$200 million equity infusion from SWX to SWG expected

Delivering Strong Results – 1Q 2026 Update

The Company **increased** its quarterly common stock dividend to \$0.645, representing a **4% increase** over the 2025 dividend rate

Finished the quarter with nearly **\$500 million** in consolidated cash and nearly **\$1.2 billion** in available liquidity

Corporate and administrative expenses for the first quarter of 2026 reflects **\$9.7 million lower** interest expense related to repayment of all debt outstanding throughout the same period in 2025 and **\$5.4 million higher** other income driven by higher interest income.

First quarter 2026 net income of **~\$137.8 million**, a \$5.2 million decline compared to net income in the same period of 2025¹ – impacted by delayed California rate case decision.

~1.0% net customer growth rate over the last 12 months

AZ regulatory strategy: filed a general rate case requesting to increase revenues by approximately \$101 million with rates anticipated to become effective April 2027 – the filing also requested formula rates with an Annual Rate Adjustment Mechanism

NV regulatory strategy: filed a general rate case requesting to increase revenues by approximately \$71 million with rates anticipated to become effective October 2026

CA regulatory strategy: Final decision in California general rate case is expected to allow for recognition of margin not booked in 1Q 2026

Operations and maintenance (“O&M”) expense increased by **1.6%** in the first quarter of 2026 compared with the same period in 2025

Great Basin completed an open season in April 2026. The open season was **significantly oversubscribed** with expressions of interest totaling approximately **2.5 billion cubic feet / day** of volumes and requested in service dates ranging from 2028 – 2035.²

Notes:

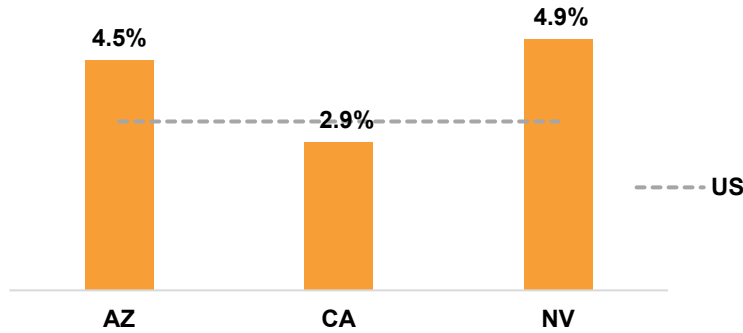

1. Historically, Natural Gas Distribution segment operating results have corresponded to the operating results of Southwest Gas Corporation. However, for three months ended March 31, 2025 the amounts reported differ from Southwest Gas Corporation due to the revision described in the quarterly report on Form 10-Q for the period ending March 31, 2026
2. See page 15 for additional detail

2026 and Forward-Looking Financial Guidance

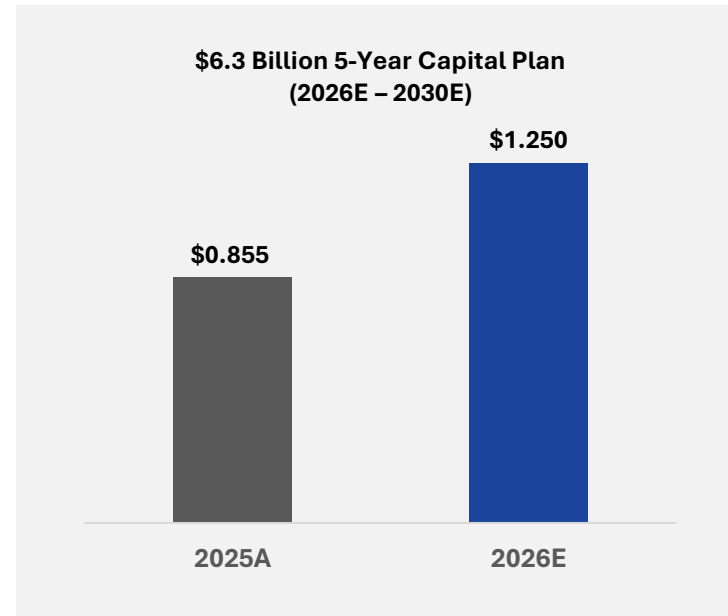

Affirmed¹ 2026 and long-term guidance metrics that include assumptions for alternative rate making in AZ and NV, and the Great Basin 2028 Expansion Project

ADJ. SWX EPS GUIDE⁴ (\$ / share)

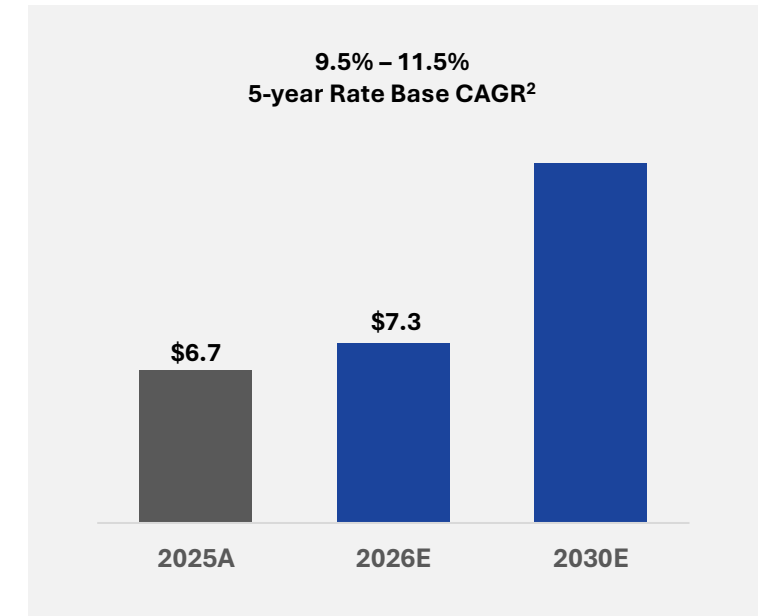

Affirmed¹ 2026 and long-term SWX EPS from continuing operations guidance.

Final decision in California general rate case to make up for delayed recognition of expected margin in 2026.

SWX CAPEX GUIDE³ (\$ in billions)

Long-term capital plan driven by safety, maintenance, and new business spending at the Utility; as well as the projected incremental 2028 Great Basin Expansion project (expected in-service late 2028).

RATE BASE GUIDE (\$ in billions)

5-year rate base CAGR includes Great Basin 2028 Expansion Project, run-rate Utility rate base growth expected to be about 7% over the same period.

Notes: Illustrative charts not to scale

- As of May 5, 2026
- 2025 base year: earnings per share from continuing operations (\$3.65 per share) and rate base (\$6.7 billion)
- 2025A and 2026E include approximately \$15 million and \$30 million, respectively, that would be recorded in Deferred charges and other assets.

- Adjusted net income from continuing operations and adjusted EPS from continuing operations for the three months ended March 31, 2025, adjust for state income tax apportionment associated with certain one-time events. See "Non-GAAP Measures" for more information and for full reconciliations of our non-GAAP financial measures

Financial Guidance Drivers and Assumptions

2026

2027

2028

2029

2030

Net Income Drivers

	AZ and NV Filings	Potential AZ and NV Tracking Periods	FERC Filing CA Filing AZ & NV Alternative Rate-making Adjustments
Margin	Assuming rate case outcomes in line with historical experience		
	~1.4% Annual Net Customer Growth		
O&M	Targeting flat O&M on a per customer basis (excluding non-service pension costs)		
Other Income	~\$6-7 million COLI; assumes normal natural gas price fluctuations using current forward pricing curves Expected AFUDC ² rate of 7%		
Income Taxes	Expect NOL ¹ utilization to minimize cash tax payments (expected effective tax rate in the high teens)		
Interest Expense	Expect future bond issuances using forward corporate debt curves Expected AFUDC rate of 7%		
Financing Assumptions			
Debt / Equity Assumptions	Assumes modest equity issuance utilizing ATM program combined with utilizing HoldCo leverage capacity to fund the Great Basin 2028 Expansion Project, targeting 50%/50% equity/debt ratio at SWG, while expecting a sizable buffer above current SWX downgrade threshold, in conjunction with currently communicated dividend policy		

Notes:

1. Net Operating Loss ("NOL")
2. Expected Allowance for Funds Used During Construction ("AFUDC") rate: ~7%

Economic Impact of Semiconductor Manufacturing & Data Centers

- » Arizona and Nevada are high-potential areas for data center growth
- » How might Southwest Gas stand to benefit from additional data center economic activity?

Electric infrastructure constraints driving potential interstate pipeline expansion inquiries

AI data center power demands substantially larger than traditional data centers

We believe that in Arizona and Nevada

- » Regulatory framework exists to support these prospective customers
- » Potential returns commensurate with authorized rate of return
- » Infrastructure additions could help support additional economic and development activity
- » Around 30 different data center projects are at various stages of development

Great Basin 2028 Expansion Project Overview

Brownfield 2028 Expansion Project Highlights:

- Executed binding precedent agreements in December 2025 for 2028 in-service date
 - Incremental capacity under contract:** 0.6 bcf¹/day (received surety)
 - Estimated incremental capital investment:** ~\$1.7B
 - Estimated incremental margin:** ~\$215M - \$245M annually (following in-service)
 - Current Designed capacity:** 1.0 bcf¹/day
- Open season concluded April 2026
 - Incremental capacity bids:** 1.0 bcf¹/day (2028 – 2029)
 - Incremental capacity bids:** 1.5 bcf¹/day (2030 – 2035)
- Management is focused on converting incremental interest into binding precedent agreements

Anticipated Capital Shaping & Financing

Capital expenditures for the 2028 Expansion Project are expected to be deployed over time.

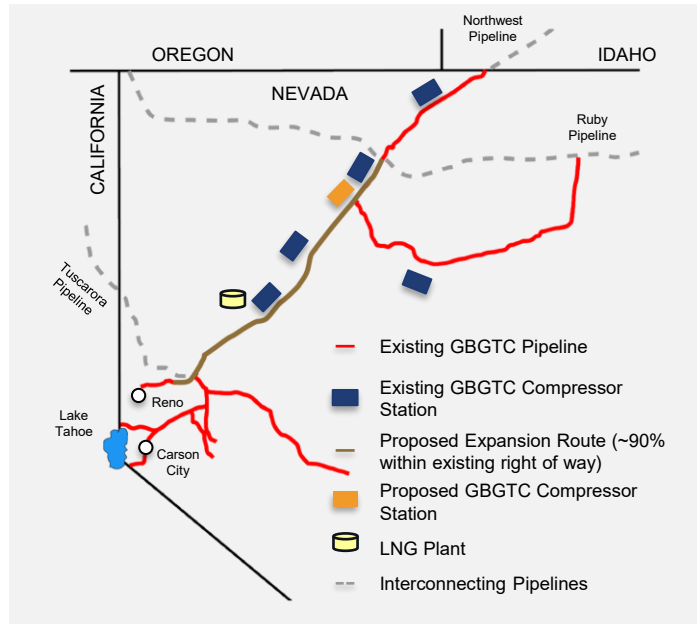

Accrual of AFUDC expected throughout the construction period

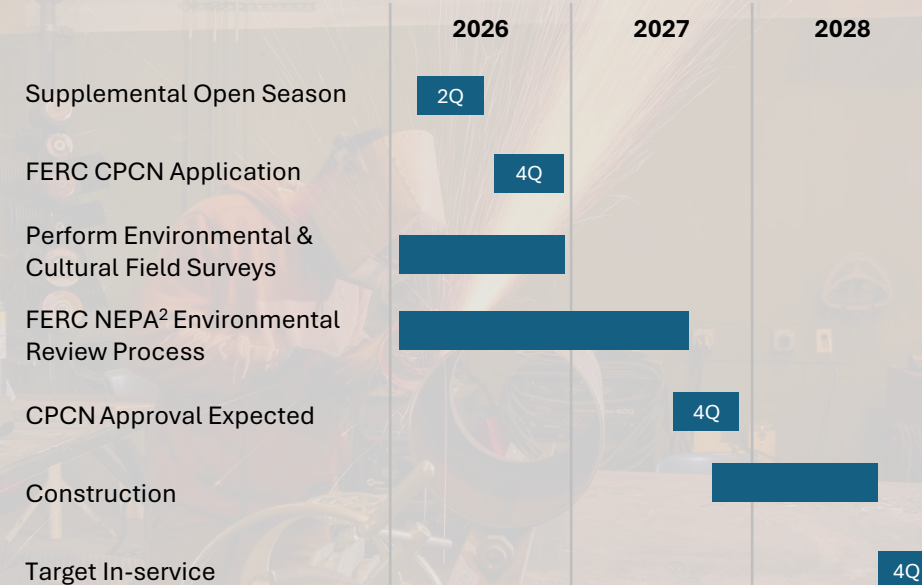

Targeted 50 / 50 debt to equity ratio

Debt funded by SWG bond issuances

Equity funded by mix of modest equity issuances utilizing SWX leverage capacity and ATM

Nevada Cement

Nevada Cement Company is the only cement manufacturer in Nevada, operating an integrated cement plant and limestone quarries in Fernley, NV, and supplying bulk and packaged cement across Northern Nevada and Northern California. Currently produces over 500,000 tons of cement annually. Nevada Cement is evaluating a significant expansion of its natural gas utilization, including the conversion of select production processes currently fueled by coke to natural gas.

- » The company is evaluating incremental demand scenarios, with preliminary analysis indicating a potential increase in gas demand ranging from approximately 200% to 300%.
- » Southwest Gas is advancing pipeline design and engineering efforts, including detailed evaluations of routing alternatives, capacity requirements, and right-of-way constraints, to enable accommodation of the potential load growth.
- » Nevada Cement is currently targeting Q3 2028 as the anticipated timeframe when the increased gas demand may be required, subject to project development milestones and regulatory considerations.

Mosaic Quarter (Tucson, AZ)

Mosaic Quarter is a multi-phase sports and entertainment development located in Tucson, Arizona. Southwest Gas is supporting Phase I by providing natural gas service to the IcePlex and an on-site Central Utility Plant, including a 5-MW combined heat and power (CHP) system designed to deliver efficient, reliable electric and thermal energy.

- » The initial phase establishes baseline natural gas demand associated with the IcePlex and CHP operations. As future phases are developed, including additional athletic, hospitality, and commercial facilities, incremental natural gas demand is expected to increase.
- » Mosaic Quarter is currently targeting Spring 2027 for the Phase I opening. The IcePlex will feature three ice rinks, including two community rinks and a 3,000-seat arena, along with supporting amenities such as locker rooms, party rooms, a pro shop, and team store. The facility will support hockey, figure skating, recreational ice sports, and regional travel tournaments, with the University of Arizona club hockey team as an anchor tenant.

Nevada Triennial Resource Plan

Nevada Triennial Resource Plan Approved by PUCN – April 2026

Prudency pre-determinations for ~\$187 million of capital investment:
To ensure increased energy demand is met, respond to economic growth,
and fortify safety and system reliability

Plan Outlines:

- » Anticipated demand for natural gas
- » Estimated cost of supplying natural gas
- » Long-term gas supply
- » Sources of planned acquisitions of natural gas
- » Identification of mix of supply
- » Demand side management programs

Capital Investment Opportunities:

Extension facilities

System integrity projects

Distribution integrity management projects

Transmission integrity management projects

Customer owned yard line replacement program

Opportunities for Alternative Ratemaking in Nevada and Arizona

Arizona and Nevada Rate Case Roadmap

Regulatory Update – California

California Rate Case Filing Summary

In September 2024, SWG filed a rate case¹ requesting a revenue increase of ~\$50 million, updated to ~\$44 million as of February 2025.

	Southwest Gas	Public Advocate’s Office	As Settled
Target Equity Ratio	50%	48.0%	TBD
Return on Equity	11.35%	9.5%	TBD
Rate Base	\$720 million	\$709 million	~\$714 million ⁵
Proposed Revenue Increase	~\$43.7 million	~\$26 million	~\$39.5 million ⁵

Notes

- » 2026 Test Year
- » 2.75% PTYM², with adjustments for excess accumulated deferred income taxes and major pipeline replacements (~\$40 million)
- » Continuation of the automatic trigger mechanism
- » ~\$16 million increase in O&M
- » Proposed consolidation of its Northern CA and South Lake Tahoe rate jurisdictions
- » Damage Prevention Costs tracker
- » No significant changes to rate design
- » Infrastructure Reliability and Replacement Adjustment Mechanism (“IRRAM”)

Procedural Schedule

Decision approving proposed settlement issued on May 14, 2026, at 90% of requested revenue, with final decision on cost of capital remains pending³

Requested ~\$285 million increase in rate base, or 65%

IRRAM Programs totaling ~\$200 million over 5-year rate case cycle

- Targeted Pipe Replacement
- School COYL⁴ Replacement
- Meter Protection
- Annual Leak Survey with Advance Mobile Leak Detection

Notes:

¹ Application 24-09-001, which can be viewed on the California Public Utilities Commission website

² Post-test Year Margin (“PTYM”) adjustment for 2027-2030

³ Any settlement must be approved by the California Public Utilities Commission

⁴ Customer-owned yard line

⁵ Modest rate base adjustments relate to differences in forecasting methodology, not a disallowance of any investments. Proposed revenue increase is reflected prior to cost-of-capital adjustments, if any.

⁶ Received approval of memorandum to track recovery of any differences between currently effective rates and the new rates to address the delay in the issuance of an order.

Regulatory Update – GBGTC

GBGTC Rate Case Outcome¹

On March 3, 2025, FERC approved an increase in rates.

	Requested	Approved
Target Equity Ratio	56%	50%
Return on Equity	13.05%	11.95% ³
Pre-Tax Rate of Return	11.18%	9.76% ⁴
Rate Base	\$206 million (~\$99 million increase)	\$191 million (~\$55 million increase)
Proposed Test Year Revenue Increase	~\$13 million ²	~\$9.6 Million

Notes

- » An all-party black-box settlement was filed December 26, 2024
- » Estimated annual margin increase of approximately \$9.6 million and a pre-tax rate of return of 9.76%³
- » Presiding Administrative Law Judge filed a Certification of Uncontested Settlement January 20, 2025, recommending approval without modification

Notes:

¹ Application RP24-514-000, which can be viewed on the Federal Energy Regulatory Commission website

² Updated to reflect actual costs as of August 2024; original revenue increase requested was \$16 million

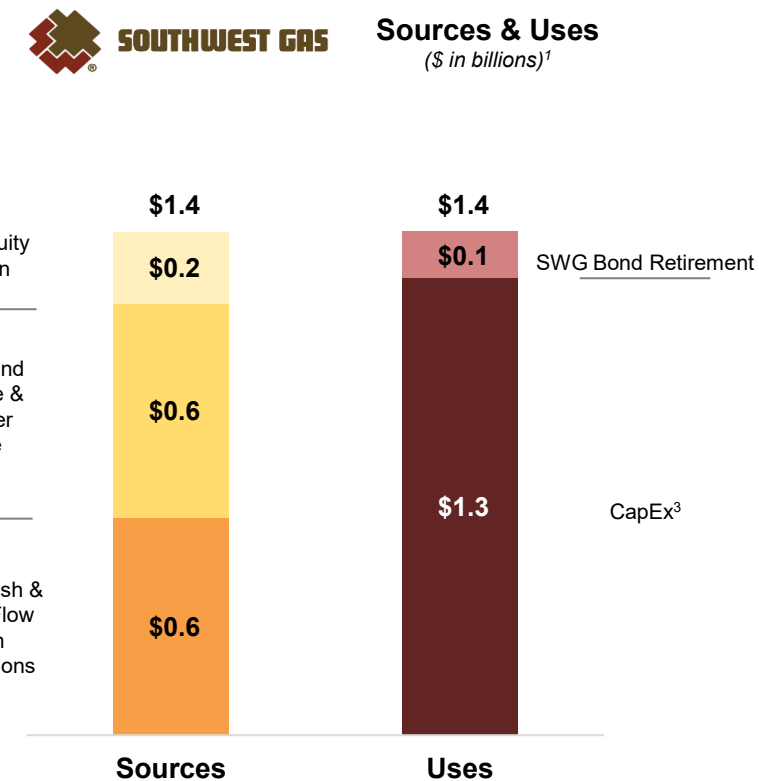

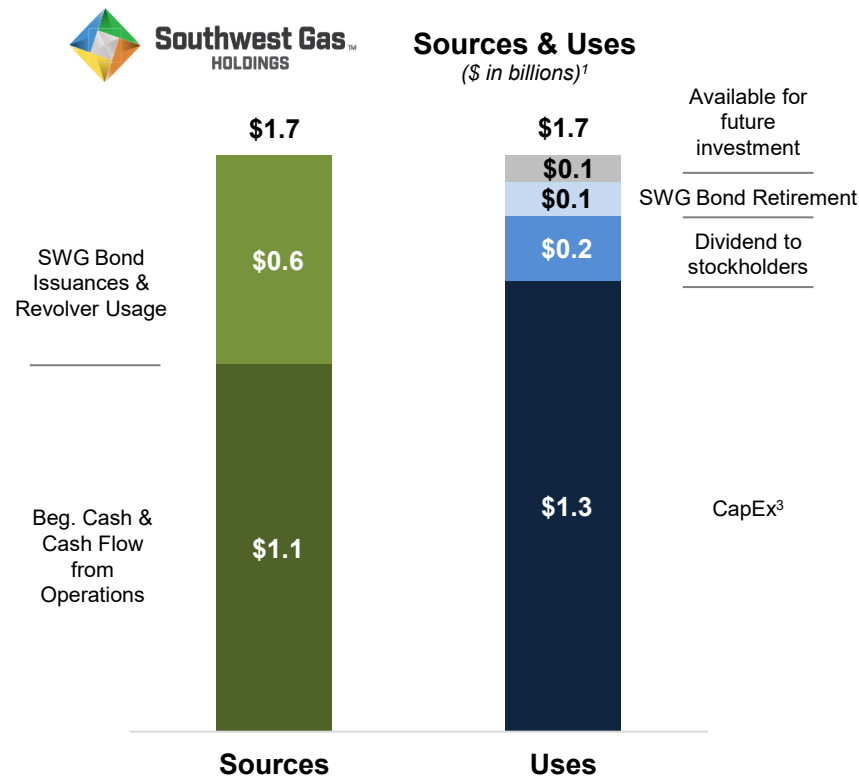

³ Blackbox settlement – as calculated by GBGTC

⁴ Compared to 9.90% pre-tax rate of return previously authorized

2026 Expected Financing Plan

PLAN HIGHLIGHTS & ASSUMPTIONS

- Significant beginning cash balance, primarily a result of remaining proceeds from CTRI separation in September 2025
- Planned ~\$325 million net SWG debt issuance, and ~\$175 million SWG revolver usage
- \$1.25 billion capital plan driven by ~\$925 million of expected Utility expenditures and ~\$325 million of spending to support Great Basin's expected 2028 Expansion Project
- Capital structure decisions aligned with long-term rating objectives
- No anticipated equity issuances²

Notes:

1. Amounts may not add, due to rounding
2. Excluding equity issuances via Dividend Reinvestment Plan, SWX expects to fully fund dividend with no SWG support, ~\$200 million equity infusion from SWX to SWG
3. Includes approximately \$30 million that would be recorded in Deferred charges and other assets

Summary of Gas Cost Balances and Recovery Mechanisms

PGA¹ Balance and Recovery Mechanism Summary

State	March 2025 ² Receivable (Payable) Balance (\$ in millions)	Dec. 2025 ² Receivable (Payable) Balance (\$ in millions)	March 2026 ² Receivable (Payable) Balance (\$ in millions)	Carrying Cost Rate	Gas Cost Rate Adjustment Frequency

Utility Optimization Progress

SWG remains committed to its culture of continuous improvement and optimization and actively identifies opportunities to generate long-term benefits for all stakeholders and to support its goal of achieving flat O&M per customer over the current forecast period.

Initiative Playbook

Initiative playbook contains several initiatives intended to drive value and long-term improvement across the organization.

Anticipating Results

Expecting to increase O&M savings to achieve nearly flat O&M per customer over the forecast period.

2026 Focus Areas

- » Financial Systems Strategy & Consolidation
- » Large Customer Portals & Customer Interaction Phone System
- » Ongoing Utility & Resource Optimization
- » Application Rationalization & Software Optimization
- » Warehouse Optimization
- » Lean Operating System Development
- » Digital Field Forms Enablement
- » Accounts Payable Automation
- » Data Management Strategy Development
- » AZ Solar

Talent Development and the Office of Continuous Improvement collaborating during LEAD/Lean Leadership Training

Accelerating our Pursuit of Excellence:

Striving to be a leader in safety, quality, customer service, operational performance, and cost management.

Continuous Improvement Training – Teaching Tucson Construction Lean 3S Principles

Successful insourcing of Southwest Gas' 24/7 physical security operations center

Cost Management (O&M)

- » Targeting nearly flat O&M per customer over the forecast period, excluding non-service pension costs

Historical & Projected O&M Per Customer^{1,2}
(\$ per customer)*

* Excludes Great Basin

Notes:

1. Average customers and excludes non-service pension costs
2. As of 05/05/2026

Common Stock Dividend Information

SWX ANNUAL DIVIDEND PER SHARE

- Southwest Gas Holdings has paid a dividend every year since 1956
- February 25, 2026: Southwest Gas Holdings Board of Directors announced an increase in its annual dividend to stockholders of 4%
- Management currently plans to recommend to the board future annual dividend increases¹
- Southwest Gas Holdings expects to continue to pay its regular quarterly dividend¹
- Potential for larger dividend increases following the completion of key regulatory initiatives and the projected Great Basin 2028 Expansion Project¹

Notes:
1. All future dividends will be subject to review of the Company's financial position each quarter and approval by the Board of Directors

Positioned to Deliver Significant Stockholder Value

100% regulated natural gas utility earnings growth driven by customer growth and improving regulatory frameworks supporting timely recovery of prudent investments

Enhanced earnings profile with clear growth visibility driven by ~7% core utility rate base growth and \$1.7 billion of incremental investment opportunity through the Great Basin 2028 Expansion Project

Balance sheet strength and credit profile offer strategic financing options with limited equity issuance needs

Returning capital to stockholders with healthy, disciplined dividend growth

Committed to disciplined cost management and the pursuit of excellence to ensure we safely, reliably, and affordably meet the needs of our customers

Southwest Gas™
HOLDINGS

APPENDIX

Southwest Gas Holdings and Corporation History

Largest distributor of natural gas in Arizona (including Phoenix and Tucson metropolitan areas) and Nevada (serving the majority of southern Nevada, including the Las Vegas Metropolitan area and portions of northern Nevada); also distributes and transports gas in parts of California (including the Lake Tahoe area and the high desert and mountain areas in San Bernardino County)

Operates a pipeline transmission system (including an LNG storage facility) through Great Basin Gas Transmission Company, a wholly-owned subsidiary of Southwest Gas Corporation

Company History *(over 90-year track-record of safe and reliable natural gas delivery)*

1931

H.G. Laub, Joe Gray, Jr. and John Koeneman found the Company in Barstow, CA and within two years provide the first natural gas service to the community of Douglas, AZ

1982

Liquefied Natural Gas Plant opens in Lovelock, NV

1996

NPL (ultimately a subsidiary of Centuri) becomes subsidiary of SWG

2021

Achieves 10%+ authorized rate base CAGR over 2017-2021

2022

Acquisition of MountainWest Pipelines

2025

Nevada Senate Bill 417 signed

1984

SWG acquires gas distribution segment of APS¹, doubling its customer base

2017

Surpasses \$2.5 billion in authorized rate base and two million customers served

2020

Operating margin exceeds \$1 billion

2025

Great Basin binding open season completed

1931

1950

1970

1980

2019

2020

2021

2022

2023

2025

1956

On January 24, 1956, SWG becomes a publicly owned company

1995

SWG expands into Truckee, CA and grows its customer base to 1 million

2017

Southwest Gas Holdings forms to create greater separation between regulated and unregulated businesses

2019

Record investment in capital expenditures of \$779 million

2022

Closes Graham County Utilities acquisition, adding ~5,000 customers

2023

Sale of MountainWest Pipelines

1979

The Company's shares of common stock are sold for the first time on the New York Stock Exchange (NYSE: SWX); purchases gas distribution segment of Tucson Gas & Electric, nearly doubling customer base

1987-1988

SWG forms GBGTC (f/k/a Paiute Pipeline Company)

2021

Ranks #1 among natural gas utilities in West region for residential and commercial customer satisfaction (second consecutive year)

2025

Full separation of Centuri Holdings, Inc. completed (NYSE:CTRI)

Select Recent Regulatory Activity

Arizona Gas Cost Balancing Account (GCBA)

In response to lower purchased gas costs, Southwest Gas filed an application in Jan. 2025 to return an over-collected GCBA balance of ~\$46 million to customers. The ACC approved the request in March, with rates effective April 2025.

Arizona Natural Gas Infrastructure and Storage Docket

In February of 2025, the ACC opened a docket to inquire into the expansion of natural gas infrastructure and storage in Arizona to address resource adequacy of natural gas infrastructure needed to meet growing demand. A workshop was held August 26, 2025.

Arizona Customer-Owned Yard Line (COYL) Application

Southwest Gas filed an application with the ACC in June 2025, to adjust the COYL surcharge to recover approximately \$5.2 million for COYL program work completed through March 2025.² The Company proposed to recover this amount over three years beginning October 1, 2025. The ACC approved the recovery of the \$5.2 million over three years.

Arizona Application for Limited Waiver of Affiliate Interest Rules

Southwest Gas filed an application with the ACC in February 2026 requesting a limited waiver of the Affiliate Interest Rules to engage in a series of two-part transactions to facilitate the funding for the Great Basin 2028 Expansion Project, which will have no impact, financial or otherwise, on Southwest Gas' utility operations in Arizona. The 2028 Expansion Project Financing will allow for the use of existing pathways for funds that are either currently available at Southwest Gas' parent company, Southwest Gas Holdings, Inc. (HoldCo), or that will be pursued in the capital markets by HoldCo and Southwest Gas, and that will pass through Southwest Gas to Great Basin. The ACC approved the Company's application in April 2026.

Arizona SIM Fling

In March 2026, consistent with the approved Plan of Administration, the Company will be filing its first System Integrity Mechanism application with the ACC to establish a rate effective April 1, 2026, subject to refund, to recover the revenue requirement associated with \$50 million of SIM-eligible capital investments for 2025 SIM projects.

Great Basin 2024 Expansion Project

In April 2024, the FERC issued the order approving GBGTC's application to abandon and replace certain pipeline facilities and grant a CPCN¹ to construct and operate certain facilities to expand the transportation capacity of the system. The pipeline segments contemplated were placed in service by November 2025 with related work on the boring under the Truckee River expected to be completed in 2026.

Great Basin 2026 Expansion Project

In April 2025, GBGTC filed an application with the FERC seeking approval to abandon and replace certain pipeline facilities and grant a CPCN to construct and operate certain facilities to increase firm transportation capacity on its Carson, North Tahoe and South Tahoe Laterals. The current project estimate is ~\$19 million and is expected to be placed in service in 2026. FERC approved Great Basin's application and issued the CPCN in May 2026.

California Fort Irwin Expansion Project

CPUC approved the expansion of service territory in Southern California to accommodate the construction of an ~21-mile pipeline to extend service to the Army's National Training Center at Fort Irwin.

California Hydrogen Demonstration Project

Application pending before California Public Utilities Commission for approval of a hydrogen-blending demonstration project in Northern California. A public forum regarding the Company's application was held in Truckee, California in August 2025. Opening briefs for the joint application were filed in May 2026.

CPUC Financing Application

Southwest Gas filed an application with the CPUC in February seeking incremental financing authority to issue or obtain additional debt securities in an amount not to exceed approximately \$1.15B, and the application of such proceeds through the five-year period ending December 31, 2030, to facilitate funding for the Great Basin 2028 Expansion Project. The Company anticipates the issuance of a decision by the end of 2026.

Nevada Annual Rate Adjustment Filing

Southwest Gas filed its 2025 Annual Rate Adjustment Application in November requesting a statewide increase of ~\$13 million. An all-party settlement recommending approval of the Company's application was approved by the PUCN in May 2026. Rates will become effective July 1, 2026.

Nevada Deferred Energy Account (DEAA) Adjustment

Southwest Gas filed an application in May 2025, seeking approval to return an over-collected DEAA balance of ~\$240 million to customers by adjusting rates beyond the maximum allowable adjustment of 2.5 cents per therm⁴ to reduce customer gas costs and mitigate the increase from the Annual Rate Adjustment. The Commission approved an all-party settlement with rates effective July 1, 2025. Since implementation, the Company has continued to increase the credit quarterly by 2.5 cents per therm⁴.

Notes:

¹ Certificate of Public Necessity and Convenience ("CPCN")

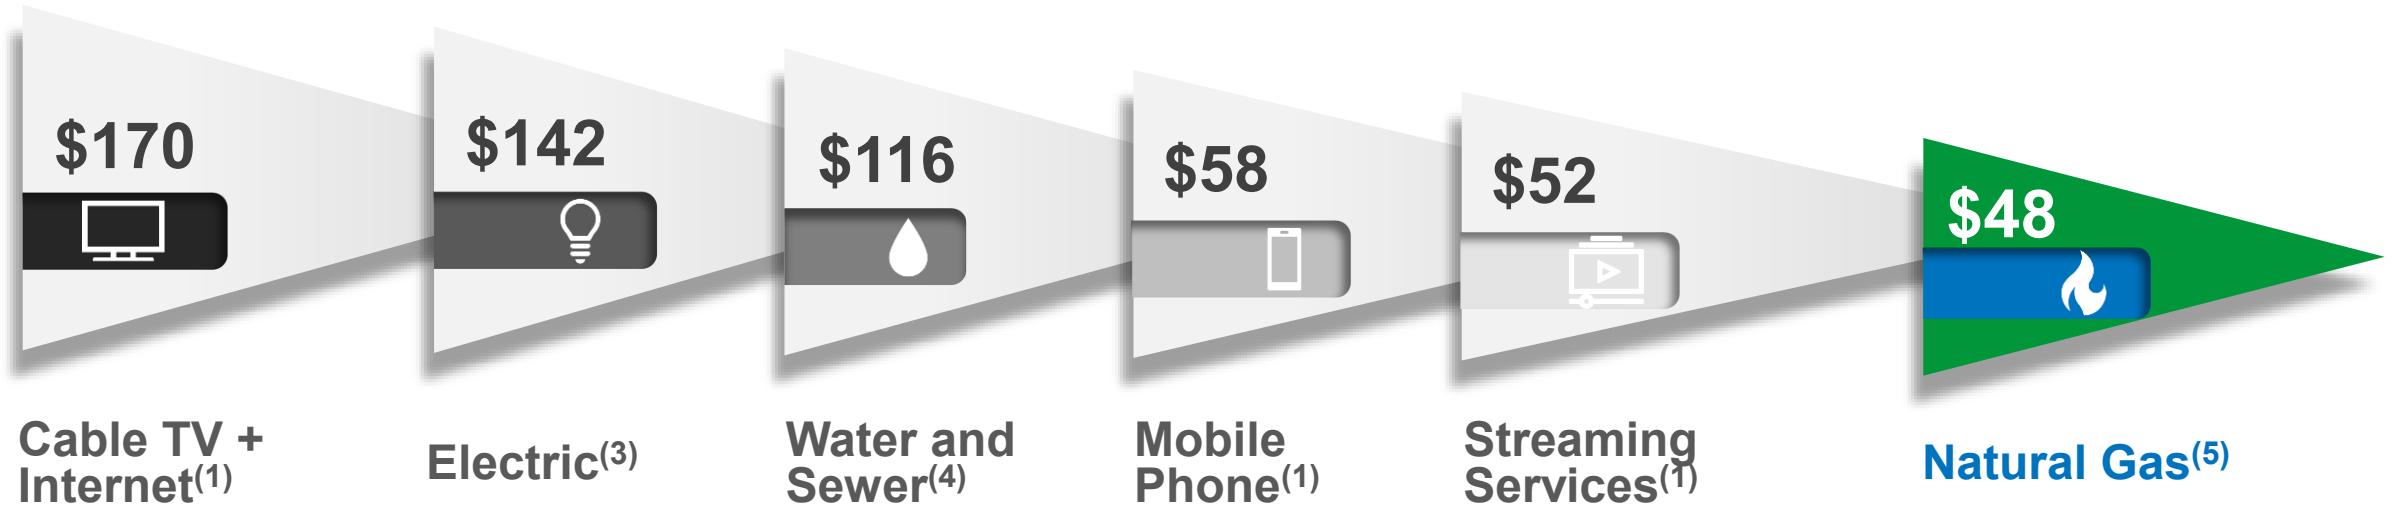

² The ACC discontinued the legacy COYL program in the Company's recent general rate case (Decision No. 80326)

³ Pursuant to Decision No. 80326

⁴ Pursuant to Nevada Revised Statutes 704.110(8)

Affordability

Natural Gas is Often the Least Expensive Monthly Utility Bill for Customers

\$1,030 Savings

Average saved by households using natural gas for heating, cooking, and clothes drying compared to homes using electricity for those applications⁽⁶⁾

3.5x More Affordable

Natural gas is 3.5 times more affordable than electricity and significantly more affordable than several other energy sources.⁽⁶⁾

1. Southwest Gas Holdings and Southwest Gas Corporation credit facilities both expire August 2029. Southwest Gas Corporation has a \$50 million commercial paper program that is supported by its revolving credit facility.

2. Short-term facility borrowings outstanding repaid in full after proceeds received from sales offerings of CTRI common stock in May, Jun, August and September 2025, including additional private placements.

Strong Credit Profile Enables Efficient and Flexible Financing of SWX's Capital Plan

2025 S&P Adjusted FFO / Debt¹

— Downgrade Threshold

Positioned to achieve long-term S&P Adjusted FFO / Debt targets of >17% while maintaining a balanced 50/50 capital structure at SWG

Preserving a sizable cushion above S&P downgrade thresholds to absorb weather and commodity volatility while preserving strategic flexibility

Strategic credit strength allows the Company to potentially forego high-volume equity issuances, utilizing the SWX ATM² for modest equity needs and leverage capacity as financing levers

Credit profile provides efficient access to capital markets to fund SWG's capital plan

Committed to consistent annual dividend growth, with potential larger increases influenced by anticipated regulatory improvements and the projected 2028 Great Basin expansion project

Notes:

1. See "Non-GAAP Measures" for more information and for full reconciliations of our non-GAAP financial measures. S&P metrics reflect the Companies' estimates of how S&P calculates FFO and adjusted Debt
2. At-the-market ("ATM")

Replaced at end of 2024

System Reliability and Integrity

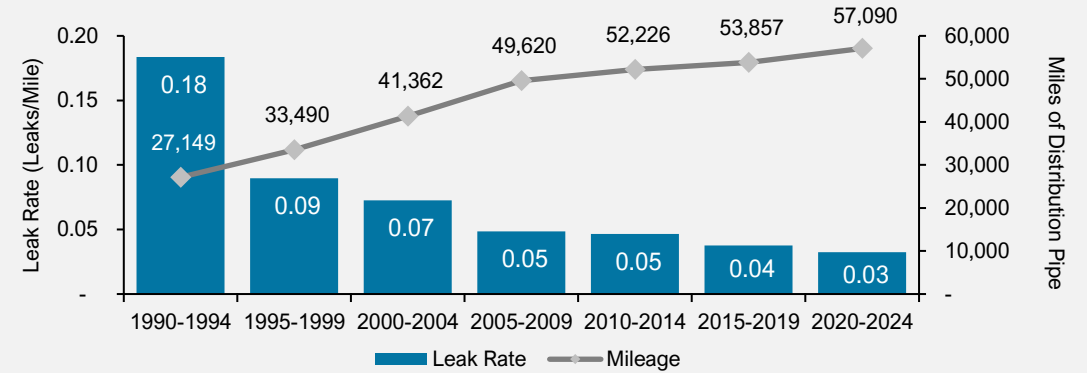

Safety and integrity are at the core of all we do. Our effective maintenance, monitoring, leak-detection, damage prevention, and public awareness programs are among the many management tools we use to maintain a tight system and protect the environment.

Southwest Owns and Operates:
~1,400 miles transmission pipelines
~59,000 miles mains/service lines

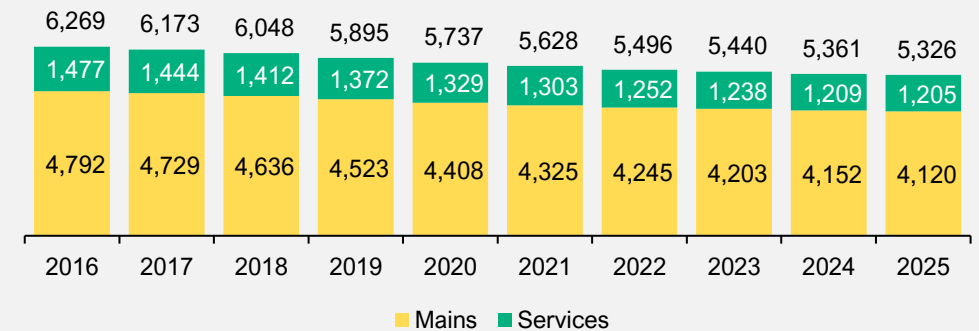

Distribution System Leak Rate

Remaining Mileage of Early Vintage Plastic¹

Remaining Mileage of Pre-1970 Steel Main & Service¹

1. Program began in 2006

Customer Satisfaction

Recognizing Southwest Gas' commitment to Customer Satisfaction

95%

Customer Satisfaction

At Southwest, we have achieved an average overall customer satisfaction rating of 95% over the past 9 years¹

#1 in Customer Satisfaction with Residential Natural Gas Service in the West among Large Utilities by J.D. Power 6 years in a row²

Enhancing the Customer Experience

- » Developed Customer Experience Department
- » Continuous process improvement
- » Increase efficiencies and training
- » Enhance technology
- » Optimize data and insights

Notes:

Environmental Information

Supporting Innovative Low Carbon Energy Solutions

Renewable Natural Gas

→ With **six interconnects** located throughout our service territory, Southwest Gas is working with partners to make RNG available to market.

Hydrogen

→ Southwest Gas has partnered with Universities & Utilities to study the performance of natural gas-hydrogen blends and their compatibility with natural gas infrastructure to ensure safety, system integrity, and reliability.

Carbon Offset Program

Move2Zero, which allows eligible Nevada customers to offset greenhouse gas (GHG) emissions associated with natural gas usage, was approved by the PUCN in 2021.

From launch through the end of 2024, Southwest Gas retired enough credits to offset 336 MTCO₂e associated with natural gas usage – the equivalent to 37,806 gallons of gasoline consumed, the energy use of 45 homes for one year

The offset credits Southwest Gas purchases and retires on behalf of participating customers are generated by validated projects that positively impact the environment and create measurable and verifiable GHG emissions reductions.

Community Giving

Strengthening communities is part of the Southwest Gas culture, and we recognize the important role we play in helping foster a sustainable future for all.

Employee Donations¹

\$2.4mm

Employee contributions to local nonprofit organizations

Foundation Donations¹

\$2.2mm

Corporate donations supporting local 501(c)(3) organizations

Customer Donations¹

\$672,000

Customer contributions helped 3,529 qualified households through Energy Share assistance

Volunteer Hours¹

~4,000hrs.

Supporting a variety of charitable events

Workforce Highlights

Southwest recognizes that employees are our most valued assets. We strive to create a safe environment, meaningful work, and opportunities to grow and thrive.

The Employee Experience

Competitive, Market-Driven Pay

Generous Benefits

Employee Wellness Program

Flexible Work Arrangements

Non-GAAP Measures

(\$ in millions)

	2025
Adjusted Net Income and Adjusted EPS from Continuing Operations	
Net income from continuing operations	\$ 234,836
State income tax apportionment associated with certain one-time events	28,931
Adjusted Net Income from Continuing Operations	\$ 263,767
Weighted average adjusted diluted shares	72,337
Adjusted EPS from Continuing Operations	\$ 3.65
Corporate & Admin. Adjusted Net Loss and Adjusted EPS	
Corporate and Admin. net loss	\$ (65,472)
State income tax apportionment associated with certain one-time events	45,293
Corporate and Admin. adjusted net loss	\$ (20,179)
Weighted average adjusted diluted shares	72,337
Corporate and Admin. adjusted EPS	\$ (0.28)
Natural Gas Distribution Segment Adjusted Net Income and Adjusted EPS¹	
Natural Gas Distribution Segment net income	\$ 300,308
State income tax apportionment associated with certain one-time events	(16,362)
Natural Gas Distribution Segment adjusted net income	\$ 283,946
Weighted average adjusted diluted shares	72,337
Natural Gas Distribution Segment Adjusted EPS	\$ 3.93

Adjusted income and adjusted EPS from continuing operations, Corporate & Administrative adjusted net loss and adjusted EPS, and Southwest Gas adjusted net income and adjusted EPS for the twelve months ended December 31, 2025, adjusts for state income tax apportionment associated with certain one-time events.

We do not provide a reconciliation of forward-looking Non-GAAP Measures to the corresponding forward-looking GAAP measures due to our inability to project special charges and certain expenses.

Notes:

1. Historically, Natural Gas Distribution segment operating results have corresponded to the operating results of Southwest Gas Corporation. However, for three months ended March 31, 2025 the amounts reported differ from Southwest Gas Corporation due to the revision described in the quarterly report on Form 10-Q for the period ending March 31, 2026
